Belkin introduces new range of cases for the Samsung Galaxy S III Mini

(Rushden, UK). – **30 October, 2012** – Belkin has unveiled a new line of accessories for Samsung's latest smartphone, the Galaxy S III Mini. The range features classic stylish designs which provide great protection for the Galaxy S III Mini while still showing off the elegance of Samsung's compact new device.

Manufactured in durable ultrathin polycarbonate, Belkin's Shield Sheer Matte case for the Galaxy S III Mini offers powerful protection from every day wear and tear in a slim, form-fitting design. The Grip Sheer cases are made from a flexible, TPU material which provides excellent protection from impacts and scratches with a slim and velvety smooth easy to grip finish. For fitness fans the Belkin range also includes the EaseFit Plus Armband, made from lightweight, breathable Lycra and Neoprene to fit snugly against your arm without adding extra bulk so you can concentrate on your workout in comfort.
